

Free Online Safety website for families

<https://families.google>

Google Families is designed specifically for families and offers a wide range of tools and tips to help you guide your child's digital journey. From setting up parental controls and managing screen time to learning how to talk about online safety, Google Families provides practical advice that's easy to understand and implement.

Whether your child is just starting to explore the internet or already has their own device, this site can help you create healthy digital habits together. It also includes helpful resources on topics like cyberbullying, privacy, and age-appropriate content.

We encourage you to take a few minutes to explore the site and see how it can support your family in navigating the online world with confidence:
