Dear Parents/Carers,

It is with grave concerns that I have to write to you. I have been informed that on Friday 8th November 2013 a Reception aged pupil was nearly struck by a car as it mounted the pavement inside school grounds to park, this car was driven by a parent/carer of pupils attending Holway Park School.

The Police have on several occasions warned drivers of the illegality of parking cars partially on pavements. I will be consulting with the Police about this incident and seeking their advice.

I would like to ask for your support to help keep all the children at school safe while walking to and from school and on school site. Please if it necessary for you to drive your child to school park legally further from the school gates but not in front of local residents driveways; I appreciate that this may mean that you have to walk a little way but it also means we keep public pathways safe for the children and adults.

I would like to remind parents/carers that parking on the pavements in the school grounds is also illegal and dangerous.

Yours Sincerely

Mrs S Brewer
