Curriculum Newsletter Autumn Term 2013

Dear Parents and Carers

Welcome to the new school year and the Autumn Term.

This term we have a whole school topic which starts with Taunton and continues with Superheroes after half term! It will be an exciting term during which the children will find out what Taunton was like in the past, think about the surrounding landscape of Taunton and carry out observational drawings, as well as exploring fictional and real life heroes and linking this to other topic areas. The children will also be following their daily literacy, numeracy and other curriculum areas.

Homework will be project based, focusing on different aspects related to Taunton for this half term and linked with superheroes for next half term.

We are also very fortunate to be involved in the Malachi Project, which will develop into our Christmas show.

A few reminders:

- check your book bag daily for any letters that are sent home.
- name school uniform and PE kit to avoid lost items.
- collect children from external classroom doors unless otherwise arranged.
- the children are expected to bring their book bags to school every day and to read 5 times a week; your child has been given a day of the week when their book bag will be checked.
- PE kits will be needed in all week, including trainers for outside PE. Our main PE session will be on a Friday and we recommend girls to come with hair tied up and no earrings on this day.

Our parent consultation meetings will be held on 11th and 13th November.

Towards the end of this term there will be a Christmas Fair on 29th November and our Christmas Show to look forward to.

Please feel free to contact me to discuss any issues concerning your child. Thank you for your continuing support.

Yours Sincerely,
