Supporting Pupils, Schools, and Families in Taunton and Beyond

Acorn Fashion Uniform & Workwear Ltd is a local, family-run business based in Taunton, Somerset. As parents ourselves, we understand the balance families look for when buying school uniform: clothing that is smart, durable, comfortable, and affordable.

Our family includes three children currently in education, which has given us first-hand insight into the importance of comfort in everyday schoolwear. For many children, especially those with sensory needs, the feel and fit of a garment can influence their confidence and ability to focus throughout the day. This understanding forms the heart of our approach to uniform design and selection.

We are proud to offer quality schoolwear from trusted UK suppliers, along with personalised embroidery and print completed on-site by our team. Our aim is simple: to support school communities with reliable service, value for money, and uniforms that help pupils feel part of something special.
